Industry Awards

For Top Industry-Linked Engineering Colleges

Elico Award for Best Industry-Linked College in Electronics & Communication Engineering

Forbes Marshall Award for Best Industry-Linked College in Electrical Engineering

Hi-Tech Group Award for Best Industry-Linked College in Mechanical Engineering

Infosys Award for Best Industry-Linked College in Computers & IT Engineering

Mindlogicx Infratec Ltd Award for Best Overall Industry-Linked Engineering College

Tata Chemicals Award for Best Industry-Linked College in Chemical Engineering

AICTE-CII Survey of Industry-linked Engineering Institutions - Awards

Awards Ceremony

- Overall 1st Award – PSG College of Technology, Coimbatore

- Overall 2nd Award – College of Engineering, Pune

- Overall 3rd Award –Bannari Amman Institute of Technology, Tamil Nadu

- Stream wise best Institute in Mechanical Engineering - PSG College of Technology, Coimbatore
- Stream wise best Faculty in Mechanical Engineering – Prof. Mohanram P. V., PSG College of Technology, Coimbatore

Best Chemistry Teacher Awards 2012

Awards Ceremony

BCTA for Class XI and XII – Dr. Umesh Chandra Jain, Simpkins School, Agra

BCTA in the Under-Graduate category – Prof. Anshu Dandia, University of Rajasthan, Jaipur

BCTA in the Post-Graduate category – Prof. Chitta Ranjan Sinha, Jadhavpur University, Kolkata

BCTA for promotion of Chemistry as a subject – Dr. Keshav Annappa Bulbule, KLE Society's Nijalingappa College, Bangalore

Reports Release

CII Report on Survey of Industry-linked Engineering Institutions 2012

CII -Planning Commission Report on Annual Status of Higher Education of States and UTs in India, 2012

CII Higher Education Report 2012

Key Speakers

Mr. S Jaipal Reddy
Hon'ble Minister for
Science & Technology

Dr. Shashi Tharoor
Hon'ble Minister of
State for Human
Resource Development

Dr. T Ramasami
Secretary, Department
of Science &
Technology

Prof. Philip G Altbach
J. Donald Monan, SJ
University Professor &
Director, Centre for
International Higher
Education
Lynch School of Education,
Boston College

Prof. Robert S Kaplan
Marvin Bower Professor of
Leadership Development
Emeritus, Harvard
Business School

Dr. S S Mantha
Chairman, All India
Council for Technical
Education

Mr. P Rajendran
Chairman, CII National
Committee on Higher
Education and CO-
founder & COO NIIT
Ltd.

Prof. Peter Hodgson
Alfred Deakin Professor &
Director, Institute for
Frontier Materials, Deakin
University, Australia

Mr. Pawan Agarwal
Advisor (Higher
Education), Planning
Commission of India

Dr. P V Ramana
Member, CII National
Higher Education
Committee & Chairman,
I TM Group of
Institutes

Dr. R K Shevgaonkar
Director, IIT Delhi

Press Coverage

Engg colleges fail industry link test: AICTE-CII study

Charu Sujan Kasturi
NEW DELHI: Only one in every five established engineering colleges in India is in sync with industry, a joint survey by CII and the AICTE, suggests, fuelling fears of a disconnect that threatens the employability of the country's youth.

On a score of 100, only 19% of established engineering schools secured even 40 marks in the survey conducted by the All India Council for Technical Education (AICTE), India's apex technical education regulator.

"It is a big worry," AICTE chairman S.S. Mani said, "because the findings are a 'benchmark' for the industry."

'End disconnect between academics and industry'

Survey asks colleges to get real, seek outside

NEW DELHI: Engineering institutes that are working in sync with industry members in areas of governance, curriculum, faculty, infrastructure, services, placement and entrepreneurship for placement opportunities, according to a survey by AICTE and CII.

"It is the first time that an absolute figure of the sample size for selection, the survey AICTE, chairman S.S. Mani said.

The selection criteria for the survey should have been open to all - civil, electrical and mechanical engineering - and other courses.

The average composite score at the national level in the study was 4.4 out of 100, with the highest score of 100 recorded by one of the colleges.

Govt launches PM's fellowship scheme for doctoral research

PM launches

NEW DELHI: Prime Minister Manmohan Singh on Thursday launched a fellowship scheme for doctoral research in India.

The scheme, which is being implemented by the Department of Higher Education, aims to provide financial support to deserving students pursuing doctoral research in India.

The fellowship will be available to students who are currently pursuing or have completed their master's degree in India and are seeking admission to a doctoral programme in India.

Govt urges private sector to invest wisely

NEW DELHI: Minister of Science and Technology Jaipal Reddy on Thursday exhorted the private sector to invest 'wisely' in research and development so that the country retains its competitiveness in global trade.

"I expect private sector to invest more and more into research and innovations and partner our research institutions in solving national problems through accessible, available and affordable innovations," the Science and Technology Minister said.

"If Indian industry does not invest wisely in R&D, gaining competitiveness in global trade would become difficult for India," Reddy said after launching 'Prime Ministers Fellowship Scheme for Doctoral Research' during the 'AICTE-University Industry Higher Education Summit'.

Reddy also underlined the need to bring discoverers and solution seekers together for solving practical problems.

"We need to bring discoverers and solution seekers together for solving practical problems; rather than on discoveries which are waiting for problem solvers," he said.

Recalling Prime Minister Manmohan Singh's remarks during Indian Science Congress in January that "private sector engagement into R&D is not proportional to our needs," Reddy termed the Fellowship Scheme as a step forward for bringing together industrial sector and government.

"My ministry and industrial sector have come together and designed an interesting scheme. To me this is the way forward," he said.
