

## **AICTE-CII Survey of Industry-Linked Engineering Institutes 2012** **Award Winners**

The awards of AICTE-CII Survey of Industry-Linked Engineering Institutes were meant to indicate excellence in industry linkages only. They were not meant to indicate excellence on any other parameter. The aim of these awards was not to project anybody as winner or loser but to show everybody the path to excellence.

In its inception year, the Jury decided to keep a high threshold for the eligibility of these awards so that they attain an iconic status and become a benchmark in industry-institute collaborations.

In keeping with this, in the stream-wise awards categories, the jury did not find any institute meeting the set benchmark in four of the six streams.

The final award winners were:

1. Stream-wise Award for Best Industry-Linked College in Mechanical Engineering was won by PSG College of Technology, Coimbatore (Award included a Trophy, a Certificate and cash prize of Rs 2 lakh)
2. Faculty Award for Outstanding Contribution to Industry (Mechanical Engineering) was won by Prof Mohanram PV of PSG College of Technology, Coimbatore (Award included a Trophy, a Certificate and cash prize of Rs 1 lakh)
3. Bronze Award for Overall Best Industry-Linked Engineering College went to Bannari Amman Institute of Technology (Award included a Trophy, a Certificate and cash prize of Rs 2 lakh)
4. Gold Award for Overall Best Industry-Linked Engineering College went to College of Engineering, Pune (Award included a Trophy, a Certificate and cash prize of Rs 3 lakh)
5. Diamond Award for Overall Best Industry-Linked Engineering College went to PSG College of Technology, Coimbatore (Award included a Trophy, a Certificate and cash prize of Rs 5 lakh).
