

# AICTE Student Learning Assessment (PARAKH)

## About

The AICTE-SLA project is designed to measure the benchmark levels and gains in academic and aptitude skills by the students in technical programs and to understand the various factors that affect skill development of students in Technical Institutes across India.

To evaluate technical students of India for their overall qualitative growth during their Course of study in order to get appropriate employment that best suits students capability.

To enable policy makers to evaluate the global competitiveness of Students, Faculty and Head of departments to create a more effective system for technical Higher Education in India.
