

All India Council for Technical Education

**TCS iON Digital Glass Room –**

**A virtual learning platform @ Free of cost**

In these challenging times, AICTE understands your academic schedule would have been disrupted due to the unforeseen and abrupt lockdown of campuses. To enable continuation of education and learning, pleased to share that TATA Consultancy Services is offering its **TCS iON Digital Glass Room** platform **free** to all education institutes across the country.

**TCS iON Digital Glass Room** facilitates online mode of learning. Educational institutions can seamlessly transition to a virtual teaching environment, continuing teaching and student learning beyond the classrooms. Faculty members can deliver lectures, create and share content, evaluate assignments, conduct formative tests, and even monitor learner progress. They can also enable online class collaboration through debates, quizzes, polls, surveys. Students and faculty alike can like, vote, share, and chat.

Do register your institute on the website to leverage the platform:  
<https://iur.ls/D/D37>

Let us come together to minimize impacts to your academic schedule and ensure learning and education continues during these uncertain times.
